

Creating a community at Springdale Beach

springdalebeach.com.au

May 2010

WHAT ARE WE TRYING TO ACHIEVE?

The broad objective for Springdale Beach is to create long term health and prosperity for the community.

HOW DO WE PLAN FOR A COMMUNITY?

The community development process at Springdale Beach encompasses housing diversity, facilities and services, the development of key attributes, and the 'well-being economy'.

1 Housing diversity

Springdale Beach will include a range of homesites to ensure the development is home to a broad mix of people, creating a more sustainable and multifaceted community lifestyle.

2 Facilities and services

Springdale Beach has been designed to create easy and accessible links through to the Denmark town site and all the shopping and recreational facilities this popular South West town has to offer.

A network of paths will mean that Springdale Beach residents can walk or cycle the 2.5kms to town, leaving the car at home.

A proposed Village Centre is planned for Springdale Beach to act as a community hub, with cafés and small local facilities that complement and integrate with the existing Denmark town centre.

3 Development of Key Attributes

Springdale Beach has been designed to reinforce and reflect the physical and cultural characteristics of Denmark and the Great Southern region. These attributes will help define the sense of identity and place of the project and the essence of the community lifestyle at Springdale Beach.

The major themes for Springdale Beach are:

- Beach
- Bush walks
- Holiday
- Arts
- Great Southern
- Rural

4 Creation of a Well-Being Economy

The 'well-being economy' reflects the social capital side of community development and encompasses local employment, preserving the environment, lifelong education, time for community, health, family focus and young people, genuine community initiatives, and a sense of community spirit and belonging.

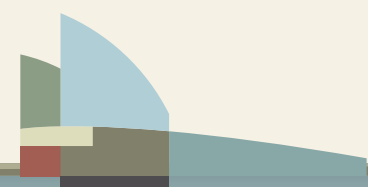

The well-being economy will be progressed by the community development program that is being activated at Springdale Beach.
