

Is your old home starting to look tired?

When you've been living in the same house for a while, everything around you can soon start to look a bit tired. If that's the case, a modern, state-of-the-art home sounds just what you need. By using the equity you've built up, and by making the right choice of land, you could not only have a brand new home – you could have enough left over for all your favourite furnishings too.

It's a buyers' market, so now is the perfect time to make a fresh start at The Glades.

The Glades is everything you could ever want and more. Over the next ten years this master-planned community will become home to 10,000 people; with three schools, open parklands, a vibrant village centre and lots of other community facilities. Homesites start from just \$152,000 – and if you buy between 14 August and 30 September 2010, you'll receive a **bonus \$3,000 Harvey Norman voucher** at settlement* to update your old furniture.
