Campers secure prime lots at Woburn Park

Ten lucky homebuyers braved a wintery weekend by camping out overnight in order to secure their dream homesite at the second release of LWP Property Group's Woburn Park Private Country Estate.

Eleven out of the fourteen homesites were sold over the first weekend and a further one of the homesites placed on hold.

Located in the prestigious suburb of The Vines, Woburn Park is surrounded by a "Bush Forever" reserve and expansive public open space. The homesites in the second stage release are all larger than 1000m² and prices start from just \$350,000.

"For many of the buyers at Woburn Park they are looking for space – whether it be for a pool, for the kids to run around, or for their boat or caravan," said Sales Manager for Woburn Park, Mr Tony McEntee.

"However, they love the rural feel, yet don't want to compromise on nearby facilities, so value the fact that Woburn Park is still not far from the city and the nearby Ellenbrook Town Centre with its shops and facilities is just a short drive away."
